UZ LEUVEN | RADIOLOGIE

HRCT OF THE LUNG: TEACHING COURSE
Program

Thursday October 7, 2027

10.30	**Registration**	
11.30	Introduction, basic anatomy and principles of interpretation	*W. De Wever*
12.30	**Sandwich lunch**	
13.30	The linear pattern	*A. Dubbeldam*
14.15	The nodular pattern	*W. De Wever*
15.00	**Coffee break**	
15.30	Interactive case study	
	- Group I (nodular pattern)	*W. De Wever*
	- Group II (linear pattern)	*A. Dubbeldam*
16.30	**Stretch your legs**	
16.45	Interactive case study	
	- Group I (linear pattern)	*A. Dubbeldam*
	- Group II (nodular pattern)	*W. De Wever*
17.45	**End of day 1**	

UZ Leuven, campus Gasthuisberg, Herestraat 49, B-3000 Leuven Secretariat: +32 16 347766

Friday October 8, 2027

08.30	Decreased lung attenuation	*E. Di Dedda*
09.15	Increased lung attenuation	*E. Muscogiuri*
10.00	**Coffee break**	
10.30	Interactive case study	
	- Group I (increased lung attenuation)	*E. Muscogiuri*
	- Group II (decreased lung attenuation)	*E. Di Dedda*
11.30	**Stretch your legs**	
11.45	Interactive case study	
	- Group I (decreased lung attenuation)	*E. Di Dedda*
	- Group II (increased lung attenuation)	*E. Muscogiuri*
12.45	**Lunch**	
14.30	Drug-induced lung disease	*W. De Wever*
15.00	Small airways disease	*J. Verschakelen*
15.30	**Coffee break**	
16.00	Imaging in bone marrow and lung transplantation	*A. Dubbeldam*
16.30	Acute and chronic lung disease	*W. De Wever*
17.00	Discussion of cases sent to participants before the course	*K. Jochems*
18.00	**End of day 2**	

Saturday October 9, 2027

09.00	Interstitial lung disease: classification and position of the radiologist	*A. Dubbeldam*
09.45	Interstitial lung disease: position of the pulmonologist	*N. De Crem*
10.30	**Coffee break**	
11.00	Interstitial lung disease: position of the histopathologist	*B. Weynand*
11.45	Multidisciplinary approach of (fibrosing) interstitial lung diseases (F-ILD's)	*Multidisciplinary team*
12.45	Conclusions	*W. De Wever*
13.00	**Sandwich lunch**	
14.00	**End of the course**
